

ELECTION IN JERSEY BLOW TO DRY LAWS

Mrs. Van Ness, Author of
State Measure, Defeated
for Assembly.

GAINS MADE BY WETS

Democrats Win New Seats,
but Republican Control
Remains Secure.

HARD BATTLE IN ESSEX

Returns Give G. O. P. Joint
Majority in Legislature—As-
sembly Margin Is Cut.

Special Despatch to THE NEW YORK HERALD.

THURSDAY, Nov. 9.—The success of the New Jersey Democrats in their campaign on the prohibition issue will not change the political complexion of the New Jersey Legislature for next year, but it reduced the Republican majority in the State Assembly by fifteen votes and in the Senate by one vote.

The Senate will be composed of sixteen Republicans and five Democrats and the Assembly of forty-four Republicans and sixteen Democrats, giving the Republicans a majority of thirty-nine on joint ballot. The present figures in the House and Senate are 55 to 1 and 15 to 6.

The outstanding feat of the Democrats in their fight against complete enforcement of the dry law was the defeat of Mrs. Jennie C. Van Ness for the Assembly from Essex county, who lost to H. W. Lambert, Democrat, by fewer than 1,000 votes. Mrs. Van Ness was the author of the Van Ness law, the State Prohibition Enforcement statute, and the Democratic organization in Essex county, which includes Newark, made a particularly hard fight against her. She was the only Republican member of the Assembly not to be returned from her county.

Complete returns from throughout the State show that wherever prohibition figured as an issue the wets were decidedly in the majority. The Democratic State platform advocated the repeal of the Van Ness law, while the Republican platform was pledged to strict law enforcement without special privilege for the Van Ness act. The Republican Committee, however, had intimated the statute.

The defeat of the Democratic candidates in Essex county by narrow margins is attributed by politicians to the nomination of an independent labor ticket which cut heavily into the Democratic vote. In all of the counties where prohibition was an issue the Republican majorities were greatly reduced. This was true also of Essex county, the pivotal county of the State. It is considered likely that the work in the Legislature this year will be strong enough to modify the existing enforcement laws, as many who have been on the fence probably will change from dry to wet because of the heavy vote registered by the Democratic wet candidates.

In Hudson county, which embraces Jersey City and Hoboken, the Democratic Assembly ticket was elected by a majority of approximately 50,000. The Democrats also carried Hunterdon and Warren counties, winning one Assemblyman in each, but they lost their usual stronghold of Sussex county, where Alfred B. Little, Republican, defeated Charles H. Drake.

Two women were elected to the Assembly. Mrs. Margaret B. Laird, Republican, of Newark, and Annie V. Reuss, Democrat, of Hudson. The number of women in the Legislature this year, therefore, will be the same as last. While the Democrats in Essex county have succeeded in defeating Mrs. Van Ness they were not able to defeat George S. Hobart, speaker of the House, who probably had more to do with drafting the passage of the Van Ness law than did Mrs. Van Ness. Mr. Hobart said to-day, however, that he did not expect to be a candidate for re-election as speaker. He said he favored the candidacy of T. Harry Rowland of Camden, and that he would not be a candidate unless Mr. Rowland should die. Assemblyman William W. Evans and Henry G. Hershfield, both of Passaic county, are said also to be candidates for Speaker. Hershfield is said to be favored by United States Senator Walter E. Edge.

The Republican majority insures the reelection of William T. Read as State Treasurer for another term of three years. The Republicans will also continue to control the State House Commission, which has charge of important state properties.

CLINGS TO HUMBLE HOME.

Bologna, Italy, Nov. 9.—Giacomo Lusardi, a carpenter, who says he has become heir suddenly to millions by the death of a brother in America, has been offered large palaces to live in. He has refused them and declared that he intends to reside in his present humble home in Ferrara. Lusardi is sailing for America soon to claim his fortune.

**MOTHER'S WOE BARED IN
NOTE LEFT WITH BABY**

Deserted, She Had No Roof
to Shelter Child.

A four-months-old boy was found Tuesday night in the hallway of the apartment house at 18 School street, Newark, and with him was a note that related the misfortunes leading up to his mother's decision to abandon him.

"Will you please see that this baby gets some one to take care of him?" the note read. "I was put out of my room because I did not have any money. My husband has been out of work for two months and ran away from me. I could not find any work and have no people. They are all dead."

"I don't know where I am going myself. I don't care if I have to sleep in the streets, but please see that my baby gets a place, as I am heartbroken over him. There is the last milk I got. You can have it."

There was a small bottle of milk in the vestibule near the child when Robert Conklin of Cedar No. 1, N. J., found him. Mrs. Margaret Spaul, Conklin's mother, who lives at 548 East Jersey street, Newark, has offered to adopt the child.

**HARVEY DRINKS FROM
ANCIENT LOVING CUP**

All Nations Represented at
Lord Mayor's Banquet.

LONDON, Nov. 9 (Associated Press).—The American Ambassador, Mr. Harvey, participated in the ancient custom of drinking from the Lord Mayor's loving cup at the Guildhall banquet to-night and passed it to Lord Curzon, seated next to him. He followed tradition and stood at attention while the Foreign Secretary drank, which, according to the story handed down for generations, is necessary to protect the one who drinks from possible attack while toasting the new Lord Mayor and Lady Mayores.

The gathering at Guildhall to-night was as brilliant and distinguished as ever before, representing all phases of national life and including among its members the American, Japanese, Spanish, Brazilian and Italian Ambassadors. An incident of the banquet was the ovation accorded Premier Lloyd George and the amusement he derived from instructing his daughter Megan in the use of the loving cup.

Lord Curzon, in toasting the diplomats, alluded to the late Ambassador Page's correspondence as proof of how a wise, tactful and high minded Ambassador could exert a powerful influence in the country to which he was accredited without the slightest derogation of his loyalty to his own country. He referred to the gathering of statesmen at Washington as a conscious grouping of the nations of the world toward international relationship far better than the old balance of power and the sole remedy for the evils from which the nations were suffering.

The Spanish Ambassador, Senor Merry Del Val, responded in behalf of the diplomats.

**DR. F. R. LYMAN'S WIFE
ENDS LIFE WITH POISON**

Believed to Have Had Fit of
Melancholia.

Mrs. Maude Lyman, wife of Dr. Francis R. Lyman of Riverview Manor, in Westchester county, died yesterday at her home, as a result of carbolic acid poisoning. According to the authorities Mrs. Lyman swallowed the poison last Monday, with the intention of committing suicide. She had been unconscious since that time.

None of the members of the Lyman family could give any reason why Mrs. Lyman should have killed herself, but it is believed that the act was caused by a sudden fit of melancholia. She was Miss Maude Wand, and was married to Dr. Lyman soon after his return from France, where he served as the head of the Westchester Hospital Unit.

Five men armed with revolvers entered the fruit and grocery store of John Printinias on the southeast corner of First avenue and Twenty-sixth street last night soon after 11 o'clock and invited the clerk, Mike Karaginis, to hold up his hands.

"Are you kidding me?" asked the clerk. One of the men drew a long bladed dagger and pressed the point of the blade against Karaginis's stomach. "Where is the money?" he demanded. "See the boss," said Karaginis, motioning toward the rear of the store. Printinias was standing there. The bandits searched him, and from his pockets and the two cash registers in the place they took \$865 in cash. Then they left.

Mrs. Maurice R. Spear of 48 St. Nicholas place went to the milk station of the Chamber of Commerce of Washington Heights to help distribute milk yesterday, and while she was gone burglars robbed her apartment, stealing \$1,000 worth of clothing, jewelry and silverware. She was gone all day, and the police do not know when the apartment was entered. The burglars are believed to have got in through a back window on a fire escape.

Peter Sidorsky and two of his customers were held up early yesterday morning in Sidorsky's grocery store at 66 North Seventh street, Brooklyn, by five bandits who escaped with \$167 in cash, a gold watch and chain and two overcoats. After robbing them the bandits hit their victims a few times with blackjacks, but did not hurt any of them seriously.

The ringing of a gong in a burglar alarm frightened away burglars who tried to enter the tailor shop of Nicholas Colandro in 136 Rockaway avenue, Brooklyn, early yesterday morning, and as they left they overturned a can of whitewash in the back yard. A few minutes later Detectives Connors and McDonough noticed that the shoes of Joseph Merullo, 18, of 127 Wyckoff avenue, Brooklyn, were covered with whitewash. They arrested him, together with Emilio Corredano, 16, of 138 Rockaway avenue. They were held in \$500 bail each in the Jersey avenue court for examination to-morrow.

ADULTERATING GERMAN BEER.

Bavarians Object to Allowing Use
of Corn and Rice.

BERLIN, Nov. 9.—German beer may hereafter be adulterated. The Reichstag has over-ruled the Bavarian Deputies' objections to altering the beer stamp law so as to allow the use of corn and rice in brewing.

Speaking for the Bavarian People's party, Deputy Jaud said: "The practice of adulterating beer must cease. It's purity must be preserved."

His protest met with only scattering applause.

OBREGON AT WAITERS' FEAST.

MEXICO CITY, Nov. 9.—Newspapers here cite as evidence of President Obregon's democracy his recent attendance at the annual dinner of the local waiters' union at which he made an extended address. Several members of the President's cabinet also attended.

**\$15,000 VIOLIN HAD
CRACK; SELLER HELD**

Newark Doctor Accuses Samuel Levitt of Fraud.

Samuel Levitt, salesman of violins, was locked up in Police Headquarters last night to await extradition to Newark, where charges have been made against him in connection with a transaction in old violins, in which Dr. Eugenio Sturchio of 178 Mount Prospect avenue, eye specialist and collector of rare musical instruments, alleges he gave \$11,000 worth of violins and a mortgage on another in exchange for a fiddle that is cracked. Levitt denied the charge and said Dr. Sturchio came by his new violin as a result of a business transaction that was purely legitimate.

Last week, Dr. Sturchio said over the telephone last night, the new violin was turned over to him. He said it was a genuine Giuseppe Guarnerius but had a couple of cracks in it. He explained he paid \$15,000 for it.

**MAYOR EJECTED WHO
WON'T PAY EXTRA FARE**

St. Paul Executive Assessed
After Riding Block.

ST. PAUL, Nov. 9.—Mayor L. C. Hodgson of St. Paul was forcibly ejected from a street car here to-day after refusing to pay an extra fare for riding one extra block.

The Mayor announced in a statement to-night he will bring the matter before the City Council to-morrow and demand a complete understanding with the street car company regarding "loop" terminals.

**CHINA'S DEFAULTING
LOAN MAY BE PAID**

Willing to Open Negotiations
in \$5,500,000 Debt.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau.]

Washington, D. C., Nov. 9.—U. S. State Department authorities have learned that China is willing to reopen negotiations concerning the \$5,500,000 loan which the Peking Government recently defaulted to a Chicago bank.

The methods which are to be used to meet the default are not indicated, although willingness to reopen negotiations suggests the possibility that recourse will be made to the international consortium which has already agreed to refund the loan.

The Peking Government has no money, and so far as known is not in position to raise any except through the medium of the consortium.

FIVE BURN TO DEATH.

NORTH BAY, Ont., Nov. 9.—Mrs. Fred Wheeler and four of her seven children lost their lives in a fire that destroyed their home at Kearney early to-day while the family was asleep. Another child suffered severe burns and is not expected to live. Two adjoining houses also were swept by flames.

The families in the other houses barely escaped with their lives. The origin of the fire was undetermined.

JOHN P. TRUESDALE

HIT BY MAIL TRUCK

Aged Member of Produce Ex-
change in Serious Condi-
tion in Hospital.

WOMAN KILLED BY MOTOR

Chauffeur Speeds Away After
Accident—Four Men Are
Injured.

A mail truck ran down John P. Truesdale, 75, importer and exporter and member of the Produce Exchange, at Broadway and Seventy-third street, last night, causing injuries which surgeons in Roosevelt Hospital described as serious. At the time of the accident, it was reported, Mr. Truesdale was trying to shield himself from the rain with an umbrella.

Passersby who saw the truck bearing down on the aged man shouted a warning, and the driver jammed on the brakes and sounded his horn. But before the machine could be brought to a stop it had struck Mr. Truesdale, knocking him to the pavement unconscious. He was taken to Roosevelt Hospital in a taxicab.

Later Mr. Truesdale's son, Dr. Edward D. Truesdale of 135 West Fifty-eighth street went to the hospital. He said his father's injuries consisted of cuts over the eyes and concussion of the brain. He believed he would recover.

Mr. Truesdale is a member of the board of trustees of Rutgers Presbyterian Church and has long been prominently identified with its activities. He

had attended a meeting a short time before the accident happened and was on his way to his home at 330 West Eighty-fifth street.

The police of the West Sixty-eighth street station questioned Dominick Varone of 106 Cherry street, driver of the truck. After explaining the circumstances of the accident he was permitted to go.

Mrs. Mary Horning, 48, of 225 East Twenty-second street, was killed last night almost in front of her home when an automobile struck her. According to the police the chauffeur got away so quickly that none of the witnesses could take down the license number.

Four men are in Bellevue Hospital, one of them a prisoner, as a result of an accident in which an automobile rammed an "L" pillar in front of 345 Greenwich street. James Norton of 242 West Tenth street, driver of the car, was arrested. The other injured were Harry Quinn of 8 Jackson street, fractured skull; Thomas Griffin, 80 Charles street, cuts and bruises, and Michael Gallagher of 226 West Houston street, cuts and bruises. The automobile was wrecked when, according to the police, Norton lost control.

Police of the Morrisania avenue station were searching last night for the driver of the taxicab wrecked early yesterday at Morrisia avenue and 149th street in a collision in which Mrs. Florence Merzola, 29, of 2027 Bathgate avenue, lost her life.

HOHENZOLLERN ART SLUMPS.

GENEVA, Nov. 9.—Paintings of the Hohenzollerns and Hapsburgs have slumped in the market until what are considered by dealers good portraits of the former German Emperor and the late Emperor, Francis Joseph of Austria, brought only bids of 100 francs each at a recent art sale in Zurich. Portraits of the former German Crown Prince, Frederick William, in his Death's Head uniform, brought offers of only 50 francs.

The dealers offering these and other similar pictures guaranteed them as coming from the various royal palaces. The pictures are to be taken to the United States and to England, where the dealers hope the markets will be better.

**TRANSIT BOARD PLAN
UNAFFECTED BY VOTE**

To Keep Up Fight for City-
wide 5 Cent Fare.

Results of Tuesday's election will not affect the plan of the Transit Commission "to reestablish a citywide five cent fare, which does not exist to-day," according to a statement yesterday by the commission.

The statement follows: "As we have frequently had occasion

to say, the work of the Transit Commission has nothing to do with politics or political actions. There is nothing in the result of the election that can have any effect on the commission's plan. Its central purpose, which also has been frequently stated, is to restore efficient service and, through a radical comprehensive financial and operative readjustment, to reestablish the citywide five cent fare, which does not exist to-day and which can be secured only through such measures as the commission has in view. The examination of the companies will proceed on Tuesday, November 15."

In Flanders Fields

In Flanders fields the poppies grow
Between the crosses, row on row
That mark our place; and in the sky
The larks, still bravely singing fly
Scarce heard amid the guns below.

We are the dead. Short days ago
We lived, felt dawn, saw sunset glow
Loved, and were loved, and now we lie.
In Flanders fields.

Take up our quarrel with the foe!
To you from falling hands, we throw
The Torch! Be yours to hold it high!
If you break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.
